EDUCATION

Dr. Ambedkar Institute of Technology

B.E. in Artificial Intelligence & Machine Learning

CGPA: 6.83

Jul 2027

Bengaluru, India

BGS PU College

Class XII (PCMB) — 79.67%

Bengaluru, India

Bhoruka English School

Class X — 76%

Bengaluru, India

EXPERIENCE

Software Development Intern

Xorstack

Ongoing

- Working on backend development using **Node.js** and **Express.js** for web application development
- Building and testing **REST APIs** for application functionality and data communication
- Implementing **CRUD operations using MongoDB** for efficient data management
- Collaborating on developing a **Food Delivery Application** and integrating frontend-backend components
- Gaining practical exposure to real-world software development workflows and debugging techniques
- Strengthening understanding of **MERN stack architecture**, API development, and project structure

PROJECTS

Food Delivery Web Application | **MERN Stack**

- Developed a food ordering platform using **Express.js**, **React**, and **Node.js**
- Implemented user authentication, product management, and order-related features
- Built REST APIs for handling application data and user interactions
- Designed and integrated frontend and backend for seamless functionality

AI Medical Assistant | **Voice-Based Healthcare Bot**

- Developed a multilingual voice assistant for symptom analysis and hospital recommendations
- Built backend using **FastAPI** with Logistic Regression + TF-IDF for efficient symptom classification
- Integrated SpeechRecognition (STT) and pyttsx3 (offline TTS) for real-time voice interaction
- Designed a **React dashboard** for live monitoring and activity tracking
- Implemented multi-threaded architecture to handle voice processing and UI concurrently

TECHNICAL SKILLS

Languages: Python, C, C++

Frameworks/Libraries: FastAPI, Streamlit, React.js, Express.js, Node.js, Scikit-learn, Pandas, NumPy

Databases: MySQL, SQLite, MongoDB

Tools & Platforms: Git, GitHub, Google Cloud Platform, Postman

Concepts: Machine Learning, Data Structures & Algorithms, REST APIs, Feature Engineering, Data Visualization, MERN Stack

CERTIFICATIONS

- Supervised Machine Learning: Regression and Classification — DeepLearning.AI (Andrew Ng, Coursera)
- Python Data Structures — University of Michigan (Coursera)
- Google Cloud Technical Series — Google Cloud
- Problem Solving in Python — Anvaya TechKnows
- Real-World Machine Learning Projects — On-Campus Certification
